

IsoTech Ink: Quarterly Phishing Simulation Exercise

Objective

Evaluate employee awareness and response behavior during simulated phishing attacks.

Simulation Scenario

Employees receive a fake email appearing to come from:

- HR department
- Microsoft 365
- Payroll Services

The email requests:

- Invoice review
- Urgent login verification
- Password resets

Metrics Tracked

- Reporting Rates
- Click Rates
- Credential submission attempts

Follow-up Actions

Employees who fail simulations will:

- Complete refresher training
- Review phishing red flags
- Receive target awareness training
